New bus puts residents on the road to independence

RESIDENTS at Fairways are taking over Tweed roads having acquired a new, 10-seater mini-bus.

Karen Jeffers, activities co-ordinator at the community, located adjacent Tweed City Shopping Centre, says the new vehicle will allow staff to

deliver services for residents more efficiently.

“Supported living is a refreshing alternative to traditional aged care offering the perfect balance between maintaining a resident’s dignity, self-respect and independence,” she says.
